

## Statement of Faith

It is an honor to serve as a board member for CYE Academy. I love God and I value education. I have a passion for seeing young people grow in the grace and knowledge of the Lord Jesus Christ as they progress through their academic journey.

I believe that the Bible is the primary source for all learning. It provides foundational truths for students to reason every subject and area of life. I believe that the knowledge of Biblical principles is essential for students to develop the understanding and wisdom that is necessary for success.

At CYE, a foundation of biblical principles and Christian character is laid as the academic capacity of each student is addressed and developed. We understand that each child is an individual created in God's image and that each one is unique and possesses certain gifts and qualities that set them apart from others. The education process affirms these strengths and calls each child up to excellence in every area of life.

I believe that education is a method to glorify God by using the abilities and intellect He has given us. Colossians 3:23 encourages Christians to "work heartily, as for the Lord and not for men", reminding us to use our education for His glory. May every effort and achievement in your child's education bring Him glory!
